daughters were trained in business but are now housewives and mothers. The Hansen family all spoke in our Sacrament Meeting Aug. 22. There are 17 grandchildren.

Born of two generations of members of the L.D.S. Church, Bro. Hansen has spent all his life to this point serving in various capacities in his ward, stake, and mission field. He reckons that his years of service as a teacher—S.S., M.I.A., Priesthood, Ward and Home—add up to 115 years. Besides this he has been S.S. Sec., 1914-17; M. I. A. Supt., 1921-23; full-time missionary to Eastern Canada, 1924-26; Elders' Quorum Pres. 1927-28; Bishop's Counselor 1928-29; S.S. Supt., 1930-35; Stake M.I.A. Board 1928-27; High Councilman 1947-59; Temple Worker 1947-71; and is now called with his good wife, Alma, to a full-time mission to Montana-Wyoming for 18 months.

Brother Hansen has an unusual wealth of fond recollections to look back upon. As a youngster on the farm he recalls the feeling of peace and security around the old coal stove; horseback riding (he still has his first saddle, now 56 yrs. old); the joy of finding fine-horn calves, colts, and lambs; visiting birds' nests regularly to watch them being fed and trying their wings. At time passed he enjoyed all Church activities, classes, sports, and especially the M.I.A. dramas as they used to be. And now he has no fonder recollections than the memory of children and grandchildren listening to his bed-time stories.

Brother Hansen hopes to endure to the end and to be associated with loved ones and with all good people eternally in the presence of our Heavenly Father and His Son.

His advice to younger generations: CHOOSE THE RIGHT. One is most fortunate who associates with ten friends who are 90% righteous. But one is unfortunate indeed if he chooses to adopt the 10% unrighteous. He could end up 100% wrong.
